AMA Hits Sen. McGovern's 'Dietary Goals'

81st Year, No. 23 Fort Worth, Texas, Thursday, June 9, 1977 Twenty-Eight Pages

Stuph & Thangs

BURROCRATS WILL SOLVE YOUR PROBLEMS, MAYBE...

MOVING? Please use form inside paper and give full information. Mailing list is run on Friday for following week.

Recently some of the professional pollsters have noted a tendency among the natives in the U.S. to start thinking perhaps their confidence in the government to solve their problems has been more than somewhat wrong. As we have noted from time to time in this space, the trouble with Burrocrats is they simply don't understand business. For instance, that Committee that suggested that FDA should immediately make public information on new drugs & stuph. This simploton conclusion ignores the fact that the manufacturer may have spent millions developing a new product and then should be ordered to turn it over to anybody who asks for it, even a competitor. Similar things demonstrate lack of avon to most basic understandin' of what is going on, such as the recent case where FDA had studied an application for a sweetener for about four years and finally denied the request. This was two years after the firm had gone out of business! Probably one of the classic examples.

Stockers Sell Higher, Hogs Moved Up At Fort Worth

Fort Worth, June 8 (F-S) - Receipts 2,400. Slaughter cows steady. Slaughter bulls weak. Slaughter calves steady. Feeder steers and steer calves firm to 50c higher. Feeder heifers and (CONT. ON PAGE 27)

Texas' 23rd Screwworm Case of Year

Mission, June 2 - Rancher C. F. Cox of Sanderson collected Brewster County's first 1977 maggot sample which proved, under laboratory examination, to be screwworms. This is Texas' 23rd case of the year, reports Dr. M. E. (Gotton) Meadows, Jr., director of the U.S. Department of Agriculture Screwworm Eradication Program. By June 2 of 1976 Brewster County had tallied three cases and Texas had a total of 2,277.

Amarillo Monday Prices \$1-\$2 Lower

Amarillo, June 8 (F-S) - Receipts 6,850, on hand for Tuesday and Wednesday 9,800. Trade opened slow, demand light. Feeder steers and heifers 100-200 lower. Slaughter cows and bulls about steady. Feeder steers: Choice 500-600 lbs. \$7.50-8.00, however, poorly topped, 600-700 lbs. (CONT. ON PAGE 27)

Sioux Falls Monday Feeders \$1-\$2 Lower

Sioux Falls, June 8 (USDA) - Semi-Weekly Feeder Cattle Auction. Receipts 3,500. Feeder steers very uneven, steady to 200 lower, mostly 1,000-2,000 lower. Feeder heifers unevenly steady to 200 lower. Feeder steers: Choice 450-500 lbs. \$7.50-8.00, several lots 500-600 lbs. \$7.50-8.00, 600-700 lbs. \$7.50-8.00, head shipment 610-630 lbs. \$8.00-8.50, 700-800 lbs. moderately fleshy to fleshy (CONT. ON PAGE 27)

Cow Slaughter Rate Declines

U.S. cow slaughter is continuing at levels which are higher than historical averages. However, the slaughter rate recently has been less than a year earlier. In addition to declining seasonally, the American National Cattleman's Assn. said last week. Commercial cow slaughter in April (CONT. ON PAGE 27)

Replacement Cattle Sold Higher Last Week, 50c to \$3

Kansas City, June 8 (USDA) - National Feeder Cattle and Calf Summary. Approximately 151,500 lbs. this week: 178,000 last week; 157,000 last year. Buyers outnumbered sellers and feeder cattle and calf prices worked steady to 2.00 higher with the Southeast as much as 8.00 higher. Since the bulk of the supply of thin and moderately fleshed offerings, suitable to graze, were committed to plain, pasture and mountain the skimpy remainder was readily snapped by growers needing a little more supply to turn out on improved pastures because of recent rains.

Some operators who were very concerned with dry or short pastures, in April, were greatly encouraged by the quick improvement due to May rains and entered into the market to secure supply for stocking. Although steers over 700 lbs. and particularly over 800 lbs. were not in great demand, the supply was small enough to be absorbed at a moderate pace at steady to fully 50c higher levels.

River Terminal: 17,800: Steers: Choice and some prime thin 800-950 lbs. 47.00-49.25, 600-825 lbs. 44.00-46.40; choice thin and moderately fleshed 850-500 lbs. 42.00-47.00, 500-800 lbs. 41.00-46.00; 600-700 lbs. 40.00-44.00; moderately fleshed and fleshy 700-900 lbs. 38.25-48.00, largely 550-600 lbs. fleshy and partly fat 800-1000 lbs. 39.00-40.00. Heifers: Choice and some (CONT. ON PAGE 12)

Controversial Report Advocating Less Meat, More Fish, Vegetables Not Supported by Evidence Concerning Danger to Health

The controversial report titled "Dietary Goals for the United States" issued by Sen. George McGovern's Senate Select Committee on Nutrition and Human Needs, which was solidly attacked by livestock and meat interests, since it concluded that Americans should avoid meat, eat more fish and swing over to something akin to a vegetarian diet, received a knockout punch last week when the prestigious American Medical Association denied the Committee's conclusions were valid and based on a scientific fact.

The American National Cattleman's Assn., and the National Livestock and Meat Board and other spokesmen for the red meat industry produced internationally recognized medical experts who contradicted the conclusions of McGovern's committee in "Dietary Goals," but the AMA's conclusions should not be taken straight.

In the current Meat Board Reports, issued May 23, here is what is reported: To those who say Meat Board opposes "Dietary Goals for the United States" only because report recommends decreasing meat consumption, we respectfully submit summary of American Medical Assn.'s official statement for the record on "Dietary Goals." After careful review, AMA concluded: "We believe that it would be inappropriate to adopt the proposed national dietary goals as set forth in the Report on Dietary Goals for the United States. The evidence for assuming that benefits to be derived from the adoption of such universal dietary goals as set forth in the Report is not conclusive and there is potential for harmful effects from a radical long term dietary change as would occur through adoption of the proposed national goals."

In "Dietary Goals," Senate Select Committee for Nutrition and Human Needs contends modifications of current American diet, along its recommended guidelines, would reduce incidence of heart disease, cancer, hypertension (high blood pressure) and diabetes. AMA, in statement to the Committee, disputes this contention.

"...evidence that links the American diet with the American death rate from ischemic heart disease is suggestive, fragmentary, and even conflicting. The epidemiological data showing associations between diet and cancer of the colon and breast are very tenuous." Statement cited lack of hard evidence connecting specific dietary factors to hypertension, diabetes.

(CONT. ON PAGE 12)

Fed Cattle Lower, Hogs Up Sharply At Terminal Centers On Monday

Around the major livestock markets on Monday fed steers and heifers were unevenly to sharply lower Monday, but butcher lots posted sharp advances at all points. Prime trade quotations on choice and prime steers and heifers and the mixed good and choice grades, and 25-35 hogs usually weighing from 200-270 pounds included: Omaha steers weak to 25c lower, heifers 25c, spots 50c off. Steers 39.75-41.00 and 39.00-40.00; heifers 38.75-40.25 and 37.50-38.75. Hogs 50-100 higher at 42.50-45.25. Sioux City steers 25-50c lower, heifers steady to 25c off. Steers 38.00-40.50 and 39.25-39.75; heifers 38.50-40.00 and 38.00-38.75. Hogs 25-75c higher at 43.00-45.00. Joliet steers 25-75c lower, heifers steady to 50c off. Steers 39.00-41.00 and 37.50-39.00; heifers 38.00-39.50 and 36.50-38.00. Hogs 75-100 higher at 43.00-45.00. Kansas City steers 25-75c lower, heifers steady to 50c off. Steers 39.00-41.00 and 37.50-39.00; heifers 38.00-39.50 and 36.50-38.00. Hogs 75-100 higher at 43.00-45.00.

**J-Ben Production
Sale Of Simmental,
Terrell, June 18**

Terrell, Texas — J-Ben Land and Cattle Corp. has announced the Third Annual Production of Simmental at the J-Ben Sale Facility in Terrell, Texas, June 18, 1977. Lunch will be available at 12:00 noon with the sale following at 1:00 p.m.

The sale offering of 100 Simmental will include Brahmental Cattle as well as Polled Simmental. The cattle will range from purebloods to half-bloods. Free transportation is available on purchases totaling \$15,000 or more anywhere in the continental U.S. and \$50.00 per head maximum for lesser purchases if arranged by the sale managers or J-Ben Land and Cattle Corp.

Sale headquarters is the Villa Inn East, I-20, Dallas, Texas, 214/324-0421. A pre-sale party will be held at the ranch, Friday, June 17, 1977 at 7:30 p.m. For information contact the sale managers and auctioneers, Bert and Ruben Reyes, 118 West Nakoma, San Antonio, Texas 78216, 512/349-2185; or Kayle King, Rt. 3, Box 92, Terrell, Texas 75160.

The Circle Seven Repurchase Program.

It makes common cents.

We are selling an excellent group of young, registered Angus cows bred to top bulls. If you buy 30 or more of these cows under our repurchase program, we will buy back the calves, provide bulls for the next breeding season and buy that calf crop. We are interested in a long-term business arrangement.

Let us show you how the Circle Seven Repurchase Program can make common cents for both of us. Call us today at 817/567-2045.

Come by Circle Seven for a visit and meet the people behind the cattle.

**Y-TEX
TICK TAG**

- Quick — One Second to apply
- Effective — Kills Ear Ticks
- Inexpensive — Only \$1.00 per cow
- Long-lasting — All Season Long

Just in time — season-long control of the Gulf Coast Ear Tick and a great reduction in the chance of screw worm attack on cattle ears — thanks to "TICK TAG", impregnated with the insecticide, "DURSANE".

The cost is low, the savings are high in terms of reduced weight loss and high coat of other methods of ear tick control. The "TICK TAG" is clear plastic and blends into any hard color, does

not interfere with identification ear tags and installs quickly with the proven Y-Tax push-applier.

TICK TAGS are packed 20 per carton along with a free Y-Tax applicator. That's enough to protect 10 animals and it costs only \$10.00. Ask for them wherever animal health products are sold. If they don't have it in stock they can get it for you in one day.

Remember, an ounce of prevention is worth pounds of cure!

AMERICAN RED BRANGUS ASSOCIATION NEWS

Rafter Two Ranch Red Brangus Sale, Cameron, June 10

Cameron, Texas — Jim Fontaine's Rafter Two Ranch Red Brangus Sale will be held Friday, June 10, 1977. Sale time is 12 noon at the ranch near Cameron, Texas.

Selling are 200 lots including 5 herd bulls, 150 females and 45 range bulls. Special feature of the sale is the offering of PFR Oscar's 104/8, a certified meat sire. The 160 females consist of 80 pairs, 60 broods and 20 open. The 45 range bulls will sell immediately after the female sale, about 3 p.m. Ten years of production will sell in this Red Brangus offering. This is a great opportunity to get in the business or to purchase animals to improve a herd.

On Saturday, June 11, Rafter Two Ranch will host a Red Brangus Association Field Day. Sale headquarters will be the Varsity Motel, Cameron, Texas. Auctioneers: Joe Garfield, Bowie, For

information contact Rafter Two Ranch, Rt. 1, Box 3132, Austin, Texas 78702, 512/278-3989, ranch address, Route 2, Cameron, Texas 76520, 317/697-2869; or the sales management, Syllar Sales Management, Inc., Rt. 2, Box 85, Burton, Texas 77836, 713/289-4400.

Pesticide Applicators Tests Scheduled

Austin — The Texas Department of Agriculture will offer testing for area commercial pesticide applicators beginning at 8:30 a.m., Sat., June 18, in Stephenville.

"The pesticide tests will be conducted following training sessions being offered June 16-17 by the Texas Agriculture Extension Service, Agriculture Commissioner Reagan V. Brown explained. Both the training sessions and testing will be conducted at the Tarleton State University, Room 106.

Testing, coordinated by TDA entomologists, will be provided for four categories: 1) general, 2) fruit, nut, and vegetable, 3) weed and brush control, and 4) field crop pest control. Ap

When J. R. Fontaine's Rafter Two Ranch holds its first Red Brangus production sale June 10, prospective buyers will have a chance to bid on top quality females like this in the largest number ever offered in one sale. The sale will be at the Rafter Two Ranch on FM 979, just off Texas 190 northeast of Cameron, Texas. An American Red Brangus Field Day will be held by the Rafter Two and neighboring Oakway Farms June 11.

Applicators wishing to take the tests may sign up during the training session and pay their fees at that time. While there is no charge for the general test, a \$10 fee will be assessed for each other category.

Individuals who pass the tests will then be eligible to make application for licensing as a commercial or non-commercial applicator of restricted use pesticides.

By Oct. 21, 1977, a license will be required for purchasing and using restricted pesticides to be identified by the Environmental Protection Agency. By the October deadline, the EPA plans to have categorized some 1,400 pesticide ingredients for either restricted or non-restricted use.

This group of yearling heifers will be among the sale offering of Rafter Two Ranch at Cameron June 10.

Red Brangus Field Day Set June 11 At Cameron, Texas

Cameron, Texas — The American Red Brangus Association's annual Field Day will be held Saturday, June 11, at the Oakway Farms and Rafter Two Ranch near here.

Hosting the Field Day will be J. R. Fontaine, owner of the Rafter Two Ranch which has one of the largest Red Brangus herds, and John Sosnowy and D. C. Hanson, owners of the Oakway Farms.

The Field Day will be held the day following Rafter Two Ranch's first Red Brangus production sale on June 10 at the ranch located on Farm Road 979 just off U.S. Highway 190 northeast of Cameron.

A general membership meeting of the ARBA will open the field day at 10 a.m., June 11, to be followed by lunch. Afternoon activities will include a

Cow-calf pairs like this will be featured at the Rafter Two Ranch Red Brangus production sale June 10 at Cameron.

demonstration of Registration Procedures and visual inspection of Red Brangus cattle with directors and inspectors of ARBA demonstrating uniform inspection criteria for registration of Red Brangus.

The Millam Motel in Cameron will be headquarters for both the Rafter Two sale and the field day. A party will be held in Cameron the night of June 10 following the Rafter Two sale.

TEXAS RED ANGUS NEWS

Red Angus Field Day Held At Owen Kelle & Sons Farm At Inez

Visitors to the Texas Red Angus Field Day at the Owen Kelle & Sons Farm at Inez May 28 were impressed with the size and length of this Kelle herd who demonstrate that Red Angus can be bred and grown big, even on the Texas Coast.

Inez, Texas—Mr. and Mrs. Owen Kelle and their sons were hosts to the Texas Red Angus Field Day here May 28 with a fairly good crowd of Red Angus breeders from over Texas and several South Texans interested in Red Angus.

One of the important items discussed and approved during the morning's business session was formation of a Texas Junior Red Angus Assn. The new junior association's by-laws will be presented and discussed, and a slate of officers and directors elected in the fall annual meeting of the senior association.

That fall meeting is scheduled for Friday, and Saturday, Oct. 28 and 29, at the Stage Coach Inn at Salado, a few miles south of Temple, on I-35. The board of directors will meet the night of Friday, Oct. 28, and the membership meeting will be held the next morning.

During the meeting a proposal made at the Kelle Field Day by President L. B. Golemon, Jr., Jacksonville, that the Texas association be divided into two divisions to reduce travel distances and permit more frequent meetings of each division's

Owen Kelle, standing at left, is shown greeting part of the crowd of guests to the Texas Red Angus Field Day at Kelle's farm at Inez, Texas, May 28.

membership, will be discussed further. No action was taken on the proposal at the field day.

Much discussion was given to angling numbers of members in the Texas Red Angus Assn., with proposals for increasing the membership to be presented and discussed at the fall meeting at Salado.

A treasurer's report was given by Mrs. L. B. Golemon Jr., which showed the Association to be operating in the black with about \$350 left in the treasury after carrying out a more vigorous advertising campaign than had been done previously.

"We believe that Red Angus numbers and registrations are growing steadily throughout the nation, and that Texas could reflect a much bigger share of that growth if all Red Angus breeders would join the association and register their cattle," Golemon said.

Dues for membership in the new Texas Junior Red Angus Assn. will be

Bob Biggs, Dallas, left, and Jim Kolla, Artesia Wells, are shown at the Texas Red Angus field day at the Owen Kelle Farm at Inez May 28.

THE BIG RED

The Big Red One...
"Commercially Speaking"

As a commercial seed stock producer you are looking for net results in a crossbreeding program. The net results that mean the most are summed up with one word, profit.

Red Angus are "big" on performance. In fact, that's what they're all about and registered Red Angus bulls are sold with a certificate which states exactly how they have performed from birth to yearlings.

What's more, Red Angus bulls are naturally polled in addition to being red in color. If there were ever a color in the world that related to performance, it is red.

If you are looking for profitable performance, then you're looking for The Big Red One...

RED ANGUS

Red Angus Association of America • Box 776 • Denton, Texas 76201 • (817) 387-3589

RED ANGUS ASSN.
To Certify Red Baldy Sires

Denton — "The Red Angus Association of America (RAAA) has approved a Red Baldy sire certification program and has defined the Red Baldy animal to be one sired by a purebred Red Angus bull out of a 100 percent Hereford dam," stated Ken Thatcher, RAAA President. The Red Baldy trademark has been filed and registered by the RAAA.

Thatcher explained that the program is relatively simple and a buyer of Red Angus bulls to be used on Hereford cows need only ask the seller for a certificate of Red Baldy sire performance. The certificate will reveal such information as the sire's identification, their performance data including birth weights, weaning weights, yearling weights and 140 day gain test ratios.

"Of course this information appears on the sire's registration certificate. However, the purpose of the registration certificate is not to be passed on to the buyer of the Red Baldy calves resulting from the matings. The Red Baldy certificate is designed specifically

AVOID CHANGING WELL LEATHERS FOR MANY YEARS

Perma-cups are molded urethane, more wear resistant than nylon. Perma-cups will outlast leathers 10 to 1. Their tapered design allows only 1/8" wearing, instead of 5/8" of a leather. Much less friction for easier pumping extends cylinder life greatly. Perma-cups must be used in a good or new cylinder, as they do not swell. Install Urethane Perma-cups, Urethane Check-balls, and Urethane Pump Rod-guides, and don't pull that well for many years. Thousands are in wells that have not been released in 9 years! All are available in standard cylinder and pipe sizes. Write or call for our catalog. We ship some day order is received. This is our 27th year saving ranchers.

BE YOUR OWN CONTRACTOR!

Now...

- dig a trench also
- shape up lawns
- clean or fill along roadbanks
- fill potholes in your field or driveway

...all with fingertip hydraulic control

New Rowse Hydraulic Borepump can be one of your most versatile farm tools. Moves 3 cubic yards per load, makes a "bite" 6-foot wide, wider than most tractor blades, fills, dumps and adjusts on the go with one hydraulic lever. Only requires 60 HP tractor in most soils.

Write or call immediately for full information.

6" and 8" grain augers
that move mountains
of grain speedily.

Speed King portable augers are designed to give you dependable performance. Borel after bushel crop after crop. You'll really appreciate these standard features:
• Solid 7" steel drive line
• Pre-lubricated sealed gears
• Heavy duty shaft lighting
• Strong clevis-type under-carriage
• Easy-fit which discharges spots with metal
• Safety cage at intake
• Self-leveling auger mount
• All speed King augers are also designed with safety features to protect you and your guests on all exposed belts and chains
• Safety cage at intake
• Trussed tubing for stability
• Covered drive line
Ask your dealer about all the other reasons to choose Speed King grain augers. Standard lengths to 60' with gas, electric, or PTO drive.

McGREGOR, TX 76857
817/840-2281

On June 25, 1876, George Armstrong Custer ignored his scouts' warnings of many Indians gathered at Little Big Horn. So he rode out with 250 men to "surround" 6,000 Indians. This was a serious error.

Numbers
can make
all the
difference.

It is always a serious error to ignore numbers or talk about them in vague terms. BPA (Business Publication Audit of Circulation, Inc.) guarantees the circulation figures of our member magazines — issue after issue. When you advertise in BPA-audited magazines, you get precise, nonpromotional numbers.

BPA We count, so your ads will.

This BPA-audited magazine donated the space for this ad, with creative and production costs contributed by BPA member and advertiser members.

LoRue's School For Fitting, Showing Set July 27-29

Georgetown — LaRue Douglas, a veteran of 35 years in the cattle fitting business and recently selected as Charolais Hardsman of the Year at the National Charolais Show in Louisville, Ky., will hold LaRue's School July 27, 28 and 29 and his annual Field Day Saturday, July 30, at his ranch near Georgetown, Texas.

Douglas is noted for having shown as many champions as any man in the United States today. Instructional emphasis in LaRue's School will be placed on the following: Selection of Animal; How to Transport; General Health Management; Feeds and Feeding; Haler Breaking; Show Box and Equipment; Washing and Grooming; Foot and Hair Trimming; Dehorning, Colorizing, and Branding; Tattooing, Vaccinating; and Show Ring Procedure for handler and animal.

Students of the school will be encouraged to participate in all activities. Trophies will be awarded for judging and showmanship. Entries will close July 15. Entry fee is \$100, or if more than one person in an immediate family, \$75. Entries should be mailed to: LaRue's Cattle Service, Route 2, Georgetown, Texas 78626. For additional information write that address or call 512/863-3986.

Mid-Coast Santa Gertrudis Sale June 11, Brenham

Brenham — Dan Ward, Roy City, has announced the Mid-Coast Santa Gertrudis Association will hold its annual Spring Sale here at 12 noon, on June 11.

This annual event features range conditioned, classified Santa Gertrudis, selling in large numbers. The sale is designed to make available to the commercial cowman, as well as the new purchaser, breeders, locally raised, pasture conditioned cattle.

Twenty head sire, and range bulls, and two hundred head of females will sell. Females will consist of bred cows, cows with calves and bred heifers, and open heifers.

All cattle sold as guaranteed breeders. Females two years old or older will either have a calf at side or be safe in calf. Dan Ward, sale chairman, points out that the Santa Gertrudis cow is an excellent mother cow, with outstanding calving ease and milking ability, while Santa Gertrudis bulls are noted for their ability to increase weaning weights through fast growing calves.

For further information contact sale managers, Superior Sales, Rt. 2, Box 346, Huntville, Texas, phone 713/291-1891.

R & M Simmental Complete Dispersal At Terrell June 11

Terrell, Texas — A complete dispersal of R & M Simmental will be held Saturday, June 11, 1977 at the J-Ban Sale Facility, 20 miles east of Dallas on I-20, Terrell, Texas. Lunch will be available at 11 a.m. with the sale following at 12 noon. The sale is following are 275 head including 4 pureblood bulls and 20 pureblood females. The sale will offer 125 bred and open 3/4 bloods and 125 bred halfbloods with about 60 calves at side. The cattle are in excellent condition and feature the best Simmental bloodlines.

For information contact the sale manager, Royce, Reyes and Elder, 138 West Nakoma, San Antonio, Texas 78216, 512/940-2185; or 2705 University Drive, Fort Worth, Texas 76109, 817/821-3788; or R & M Simmental, Del Monte, 214/293-1078, or night 214/607-2041.

History books often fail to mention that Benjamin Franklin compiled a corn-cook book listing a number of ways corn can be prepared into a nourishing meal.

LAND AUCTION

* 296 ACRE GRASS FARM
* 22 ACRE TURKEY OPERATION
* 105 HEAD OF CATTLE

Saturday, JUNE 18, 1977 - 11:00 A.M.

OWNERS - BOB & SUE CALBERT

LOCATION -

Both tracts are well located in country only 5 miles from the popular town of Buffalo, Missouri and only 30 minutes from Springfield, Missouri.

The two tracts will sell separately; however, they have worked very well together for the present owner, providing him with a very successful operation. The Turkey Operation provides both an outstanding cash flow and an unlimited supply of fertilizer and bulk for feed mixtures for the Cattle Operation.

TRACT NO. 1 - 296 ACRES -

Tract 1 has an older 7-room home that has been remodeled throughout. It also has a 2-car garage, 2 barns & corrals that will handle 150 head of cattle. This tract has 270 acres of some of the best permanent grass to be found in the BEAUTIFUL OZARKS OF MISSOURI. It has approx. 25 acres of open and scattered timber and fences are from good to excellent. Water is in ample supply with a 250-ft. well with a submersible pressure system; 2 creeks, 3 springs and 3 ponds. Taxes are approx. \$182.00 per year.

TRACT NO. 2 - 22 ACRES -

Tract 2 which has a nice 2-bedroom home with garage, is the Turkey Operation and has a very attractive guaranteed income. There are 3 turkey houses and the entire operation is completely automatic and all 3 houses are climate controlled. The property also has a 500-ft. well with 20,000 gal. storage tank; a brick cold storage building and a brick garage. Nearly all the turkey equipment is new and all of it sells with the property. This tract is also covered with permanent grasses. Taxes are approx. \$345.00 per year.

CATTLE - 105 HEAD -

All of these good crossbred foundation cows are of good ages - All of outstanding quality and have registered parents on both sides. All 60 head of these mother cows have been bred to 1/2 LIMOUSIN bulls and 45 of them have babies on the ground - balance being springers. All of the cows are uniform in size and quality. This is probably one of the best bred commercial cow herds available for sale today.

HEALTH PAPERS WILL BE FURNISHED ON ALL CATTLE

Yellow Rose Brangus Sale Set June 25 At Waxahachie, Texas

Waxahachie — The 8th annual Yellow Rose of Texas Brangus sale, sponsored by the Pines & Plains Brangus Breeders Association, will be held Saturday, June 25, beginning at 1 p.m. in the Waxahachie Livestock Commission Co. eight miles north of here on I-35E at Red Oak, Texas.

The sale committee, Don Norton, chairman, Paul Shierpe, Roland Young, and J. W. Hastings, along with Dr. Charles Ogilvie, association president, and Wando Britton, secretary, will host the sale of one herd sire and 65 females including 15 cow-calf pairs, 35 bred and 20 open females.

The cattle have been carefully selected and sifted by the sale committee from over 100 head at three field days held by Pines & Plains Brangus Breeders. Minimum weights are certified to be 870 pounds for calves up to 12 months of age; 850 pounds up to 18 months; 904 pounds up to 24 months; and over 1,000 pounds for cattle 28 months and over.

Gerard Bowie will be the auctioneer. Sale day phone are 214/576-3804 and 214/576-5382.

This is an International Brangus Breeders Assn. Guidelines Approved sale.

Y-Tex Tick Tag Joins "Mission 77"

First the bad news: Over 60 million dollars a year are lost to animal operators in Texas alone because of the Gulf Coast Ear Tick. The average gain of tick-infested steers was 55 pounds less than tick-free steers during a seven-week period — this according to a university study of 500 pound feeder steers. Reduced sale of animals with tick-damaged ears added considerably to these losses. Dust, spray, dip, or smother treatments commonly used are costly in both labor and material, and offer only temporary relief.

While 50% to 80% of all earworm infestations result from ear ticks —

Indian Nations Brangus Sale Is June 18, Durant

Durant, Okla. — The Indian Nations Brangus Breeders' female sale will be held at 1 p.m. Saturday, June 18 in Durant. The sale will include the complete dispersal of the Kent, Coffman herd of 40 females and two herd sires.

Murgrove, president; Thomas Ray, vice president; and Phillip Scoggins, secretary, of the Indian Nations Brangus Breeders Assn., will be hosting a sale of range bulls plus 120 registered Brangus females including cow and calf pairs and bred and open females. All cattle are Bangs and TB tested and the females pregnancy checked. These are top cattle from top herds of the Indian Nations.

The Callahan herd features the breeding of Rocky Joe, Van B's Chief, Colorado, Guadalupe Chief and Valentine. The cows are bred to and have calves by Carson 325, the sire of Titan; "Squire-Beacon" and Guadalupe Chief sires.

Gerard Bowie will be the auctioneer for the sale at the Durant Livestock Market, phone 405/924-1850. Lunch will be available.

Sale headquarters will be the Holiday Inn, Durant, phone 405/924-5432.

For further information contact the sale management, Syler Sales Management, Inc., Route 2, Box 85, Burton, Texas 77855, phone 713/289-4400.

Angus Big Elbon Bardolier Classic Set For June 11

Salnt Louis, Okla. — The Big Elbon Bardolier Classic will be held June 11, 1977. Sale time is 1:00 p.m. at the Goodnight Angus Ranch, Sale Pavilion at St. Louis, Okla.

Selling are 60 head of Angus cattle including 10 bulls and 50 females. Many of the females are 3-in-1 combinations and some excellent show prospects will be included in the offering.

Consignors are Buffalo Head Farm, Burdick Angus Ranch, Wilson Angus Farms, L&E Angus Ranch, Goodnight Angus Ranch, Spencer Angus Farms, White's Angus Ranch, Geniel Angus Farm, Rominee Angus Farm, Willow Valley Angus Farm, Lannon's LML Ranch, Jack Logsdon, Kenneth Copeland and Lone Valley Ranch. Catalogs are available on request from the sale management, Pat O'Bryan, O'Bryan Sales Service, Rt. 2, Tuttle, Okla. 73089, 405/392-4317 or 405/392-4314.

her's good news reported from the Brangus Breeder's Association. It states that not a single case of screwworm was reported on cows wearing the new "Y-Tex Tag" Y-Tex Corporation. Results of field trials stated that "Y-Tex" ear tags provided satisfactory control of the Gulf Coast Tick and protected test animals' ears from screwworm infestation. Not a single screwworm case was observed in an animal's ear... while 49 percent of the control animals had screwworms in ears at one time or another during the test period.

"Y-Tex Tag" is impregnated with the insecticide Dursban and according to the maker, provides season-long control of the Gulf Coast Ear Tick and a great reduction in the choice of screwworm attack on cattle ears. The "Y-Tex Tag" is clear plastic and blends into any herd color — doesn't interfere with identification ear tags and installs quickly with the Y-Tex push-pull applicator. One carton of 20 "Y-Tex" tags, packaged with a free applicator, protects 10 animals and is available whenever animal health products are sold.

Arizona Directs

Maine-Anjou Place High In Okla. City 4-H/FFA Stock Show

(CONT. FROM PAGE 15)

In the premium sale, 625 steers entered in Angus, Hereford, Shorthorn and Crossbred classes. Only 152 steers were selected for the sale; those 74, 28 were Maine-Anjou crossbreds.

Grand champion steer selected by the premium sale was a Maine-Anjou Angus owned by Ann Kopeck, Need, Oklahoma. This steer was among the top ten in average daily gain in the performance contest, with an ADG of .014 pounds. The steer's live weight was 1280 pounds and carcass weight was 828 pounds. Live and carcass grades were both choice.

Not only did a Maine-Anjou steer place first overall, but in the crossbred classes, Maine-Anjou steers placed one or more animals in the top five in every class. In two of these classes, four Maine-Anjou steers placed in the top five.

Following the sale, the 28 head of Maine-Anjou were slaughtered and carcass data showed 27 graded "choice" good. Maine-Anjou graded better, with higher cutability and lower bone-in than the average of all the other breeds in the show combined. That put in an average carcass thickness of .025. Average cutability for the Maine-Anjou was 59.9 percent.

Little known is the fact that the Westinghouse was one of the country's first and leading mule-breeding operations of a Westinghouse mule-breeding span of 4 Westinghouse mules produced in the United States and processed for export.

Red Angus

(CONT. FROM PAGE 18)

ly to be passed on to the feeder, packer or order buyer to certify the percentage of the feeder calves and their sires performance," Thatcher said.

Mike Swat, RAA Executive Director said, "The Red Beldy certificate is a marketing tool for the commercial cattlemen and has been a long time coming." In addition to the Red Beldy certificate, crossbred sire certification paper is available for users of Red Angus bulls on cows other than Hereford.

The era of the Red Beldy has arrived, Sweet said. "We have to assume that the rising popularity of the Red Angus X Hereford cross is due to the performance created by hybrid vigor, and possibly equally important is the consistent color uniformly that creates a unique marketing package," he stated.

Additional information on the Red Beldy program can be obtained through the Red Angus Association of America.

has been estimated at 877,000 head, it was pointed out by economists with CattleFax, the market analysis service sponsored by ANCA. This represented a decrease of 11% from the April, 1976, total of 765,000 head, and it was down 18% from the previous month's total of 806,000.

For the first four months of the year, cow slaughter was 3.2 million, or 9% below the same period last year.
